PROFILE

Cybersecurity graduate of Astana IT University (2026). Penetration Tester at Jupiter SR and SOC Analyst L1 at Freedom Cloud Kazakhstan. Focused on authorized web and network vulnerability assessment, SIEM monitoring, alert triage and threat detection.

EXPERIENCE

Jupiter SR *Sep 2025 - Present*

Promoted from SOC Analyst L1 to Penetration Tester in June 2026.

Penetration Tester *Jun 2026 - Present*

• Remote contract. Reconnaissance, enumeration and vulnerability assessment of web applications and network services. Validate findings with Nmap, Burp Suite, Metasploit and SQLMap; provide evidence and remediation guidance.

SOC Analyst L1 *Sep 2025 - Jun 2026*

• Remote contract in an international SOC. Monitored alerts, analyzed logs with SIEM tools and escalated incidents.

SOC Analyst L1 · Freedom Cloud Kazakhstan *Feb 2026 - Present*

• Monitor and triage Splunk SIEM alerts; analyze network, endpoint and system logs for suspicious activity and IOCs. Escalate incidents and support continuous monitoring.

Network Specialist · Kazakhtelecom JSC *Jan - Jun 2025*

• Supported secure network infrastructure and assisted with network security monitoring and analysis.

EDUCATION

Astana IT University · Bachelor's degree in Cybersecurity · Sep 2023 - Jun 2026

PROJECTS

• HackShield · Developed a gamified cybersecurity training platform as a graduation project.

• OYNA · Contributed to product development of an amateur sports platform.

CERTIFICATIONS & TRAINING

• Certified Practitioner in Prompt Injection and Input Integrity · DarkControl
• Introduction to AI Security · AI Security University
• CyberShield Certified SOC Analyst (CSCSA) · State Technical Service
• Red Hat System Administration I (RH124) · attendance certificate
• Next-Generation Firewalls and Intrusion Prevention · LearnQuest
• Securing Cloud and Hybrid Networks · LearnQuest
• Exploratory Data Analysis for Machine Learning · IBM
• Supervised Machine Learning: Regression · IBM

SKILLS & LANGUAGES

Burp Suite · Nmap · Kali Linux · Metasploit · SQLMap · Splunk SIEM · log and IOC analysis · web and network security
